

*Striving for Restoration, Fostering Technology and  
Policy for Reestablishing Ecological Function*

March 20 - 24, 2000 - Sheraton Billings Hotel  
Billings, Montana

## DISCLAIMER

This publication contains the Proceedings of the 2000 Billings Land Reclamation Symposium, *Striving for Restoration, Fostering Technology and Policy for Reestablishing Ecological Function*. Authors were requested to submit electronic copy of their Abstract and full Paper for inclusion in this document. Because some Papers were not received in time to be included in this publication, the Symposium Agenda and the Proceedings are not identical.

The views and conclusions contained in individual papers are those of the authors and should not be interpreted as representing the official policies or recommendations of the Symposium sponsors. Reference to specific brands, equipment or trade names in this document is made to facilitate understanding and does not imply endorsement.

# **2000 Billings Land Reclamation Symposium**

*Striving for Restoration,  
Fostering Technology and Policy for Reestablishing  
Ecological Function*

**Sheraton Billings Hotel  
Billings, Montana  
March 20 - 24, 2000**

## **Symposium Organizing Committee and Sponsors**

Linda Wagner, Symposium Co-convener  
Office of Surface Mining  
1999 Broadway, Suite 3320  
Denver, CO 80202

Dennis Neuman, Symposium Co-convener  
Reclamation Research Unit  
Montana State University  
Bozeman, MT 59717

Joe Galetovic  
Office of Surface Mining  
Denver, CO 80202

Robert Postle  
Office of Surface Mining  
Denver, CO 80202

Dawn Major  
Reclamation Research Unit/MSU  
Bozeman, MT 59717

Tim Bozorth  
Bureau of Land Management  
Billings, MT 59107

Peter Bierbach  
Bureau of Land Management  
Billings, MT 59701

Steve Regele  
Montana Department of Environmental  
Quality, Billings, MT 59105

Norman Yogerst  
USDA Forest Service  
Missoula, MT 59807

Harve Gloe and Mark Humphrey  
Office of Surface Mining  
Casper, WY 82601

Julie DalSoglio  
US Environmental Protection Agency  
Helena, MT 59626

Richard Vincent  
Wyoming Department of Environmental  
Quality, Cheyenne WY 82002

John Wheaton  
Montana Bureau of Mines & Geology  
Billings, MT 59101

Marvin Miller  
Montana Bureau of Mines & Geology  
Butte, MT 59701

Larry Erickson  
GP/RM Hazardous Substance Research Center  
Manhattan, KS 66506

Reclamation Research Unit Publication No. 00-01  
Montana State University-Bozeman

**2000 BILLINGS LAND RECLAMATION SYMPOSIUM**

**GENERAL SESSION**

**The Ecological Basis For Reclamation Success Criteria** ..... 1  
Frank F. Munshower, Ph.D.

# 2000 BILLINGS LAND RECLAMATION SYMPOSIUM

## TECHNICAL SESSIONS

### A. REVEGETATION

|   |       |
|---|-------|
| <b>Reference Area Reality Check</b> .....   | 1 1   |
| Michael S. Savage   |       |
| <b>The Use of Reference Areas for Bond Release of Reclaimed Rangeland in North Dakota</b> . | 25    |
| Guy Welch   |       |
| <b>Successful Reclamation Techniques and Bond Release for a Coal Mine in Wyoming</b> .....  | 3 3   |
| Anna Krzyszowska-Waitkus, Joseph Smith, Georgia Cash and Mark Moxley                        |       |
| <b>Revegetation Evaluations - How Long Must We Wait?</b> .....                              | 4 4   |
| R. A. Prodggers, T. Keck, and L. K. Holzworth   |       |
| <b>Status of Land Capability Based Pipeline Reclamation Assessment in Alberta</b> .....     | 5 8   |
| A. W. Fedkenheuer   |       |
| <b>How North Dakota Mine Reclamation Stands in Time</b> .....                               | 6 6   |
| David Bickel  |       |
| <b>Reclamation Information Management System for the Surface Mining Industry</b> .....      | 7 8   |
| Thomas G. Parker  |       |
| <b>North Dakota Prime Farmland Reclamation Program</b> .....                                | 7 9   |
| Dean Moos   |       |
| <b>Tillage and Prior Crop Effects on Reclaimed Mineland Small Grain Yields</b> .....        | 8 7   |
| Stephan Schroeder   |       |
| <b>Three Mines - Three Climatic Regions</b> .....   | 9 7   |
| Don Dahlgren  |       |
| <b>Enhancing Diversity Through Substrate Variability</b> .....                              | 1 0 2 |
| Douglas E. Romig and David L. Clark   |       |

|   |       |
|---|-------|
| <b>The Effects of Varying Topsoil Replacement Depth on Various Plant Parameters Within Reclaimed Areas</b> .....      | 1 1 0 |
| Brenda K. Schladweiler, Larry C. Munn, Rose Haroian, and Scott Belden   |       |
| <b>Alteration of Topsoil Depth for Shrub Establishment</b> .....  | 1 2 0 |
| Tim W. Meikle, Vern Pfannenstiel, and Roy Karo  |       |
| <b>Mixed Shrub Reclamation: The Reclamation of an Important Habitat</b> .....   | 1 2 7 |
| Bruce Waage, Chris Yde, Pete Martin and Steve Regele  |       |
| <b>The Topsoil Dilemma</b> .....  | 1 3 5 |
| George F. Vance and Lowell K. Spackman  |       |
| <b>In-Place Topsoil Preservation and Storage as an Experimental Practice</b> .....                                    | 1 4 2 |
| Paul Baker, Sharon Falvey, Robert Davidson, and Robert Postle   |       |
| <b>Topsoil Stockpiling vs. Exposure to Traffic: A Case Study on an In-Situ Uranium Wellfield</b>                      | 163   |
| Peter D. Stahl, Barry L. Perryman, Shankar Sharmasarkar, and Larry C. Munn  |       |
| <b>Design and Implementation of a Steep Slope Revegetation Project</b> .....  | 1 7 4 |
| Steven Renner   |       |
| <b>Effect of Slope Gradient and Plant Growth On Soil Loss On Reconstructed High Altitude Slopes</b> .....             | 1 8 6 |
| N.M. Kapolka and D.J. Dollhopf  |       |
| <b>Successful Techniques for High Altitude Steep Slope Revegetation</b> .....   | 1 9 5 |
| J. T. Harrington, A. M. Wagner, and D. R. Dreesen   |       |
| <b>Restoration with Native Indigenous Plants in Yellowstone and Glacier National Parks</b> ...                        | 2 0 7 |
| Mark Majerus  |       |
| <b>The Use of Local Ecotypes for the Revegetation of Acid/Heavy Metal Contaminated Lands in Western Montana</b> ..... | 2 1 6 |
| Leslie Marty  |       |

## **B. HYDROLOGIC RECOVERY**

|   |       |
|---|-------|
| <b>Hydrologic Issues Associated with Coal-Bed Methane Development in Montana</b> .....  | 2 2 9 |
| John R. Wheaton and Bonnie K. Lovelace  |       |
| <b>Geochemical Transformations and Hydrologic Recovery Observed in a Coal-Strip-Mine Spoils Aquifer</b> .....                                 | 2 3 0 |
| Daniel Erbes  |       |
| <b>Cumulative Hydrologic Response of Ground Water to Strip Mining at the Decker and Spring Creek Mines, 1972-1998, Decker, Montana,</b> ..... | 2 3 5 |
| Angela K. McDannel and Kenneth R. Collier   |       |
| <b>Utilization of a Regional Ground-water Model to Predict Relative Impacts to Life of Mine Plans for Area C Near Colstrip, Montana</b> ..... | 2 4 4 |
| Michael Nicklin and Greg Liebelt  |       |
| <b>Soil-Water Modeling for Reclamation Covers in the Southwestern United States</b> .....   | 2 5 2 |
| R. Schmidt-Petersen and L. P. Munk  |       |
| <b>Water Budget for a Coal-Mine-Pit Lake in Southeastern Montana</b> .....  | 2 5 3 |
| John R. Wheaton, Warren P. Phillips, and Terry H. Brown   |       |
| <b>Geochemical Modeling of a Coal-Mine-Pit Lake in Southeastern Montana</b> .....   | 2 5 4 |
| Warren P. Phillips, John R. Wheaton and Terry H. Brown  |       |

## **C. SAGEBRUSH ESTABLISHMENT ON MINE LANDS**

|  |       |
|--|-------|
| <b>Big Sagebrush (<i>Artemisia tridentata</i>) Communities - Ecology, Importance and Restoration Potential</b> .....           | 2 5 5 |
| Stephen B. Monsen and Nancy L. Shaw  |       |
| <b>Derivation and Interpretation of Wyoming's Postmining Shrub Density and Composition Standards for Coal Mine Lands</b> ..... | 2 7 1 |
| B. Giurgevich, P. Smith, and S. Page   |       |
| <b>Seeds and Seedling Establishment of Wyoming Big Sagebrush</b> .....   | 2 8 2 |
| D.T. Booth and Y. Bai  |       |

|  |     |
|--|-----|
| <b>Enhancing Wyoming Big Sagebrush Establishment with Cultural Practices</b> .....                         | 292 |
| G. E. Schuman , D.T. Booth and R.A. Olson  |     |
| <b>Effects of Seedling Rates and Competition on Sagebrush Establishment on Mined Lands</b>                 |     |
| M.I. Fortier, G.E. Schuman, A.L. Hild, and L.E. Vicklund .....   | 304 |
| <b>A Design Solution to Big Sagebrush Establishment: Seed Production Plots and Facilitation Beds</b> ..... | 312 |
| Tim Miekle   |     |
| <b>Demographic Characteristics of three <i>Artemisia tridentata</i> Subspecies</b> .....                   | 320 |
| B.L. Perryman, A.M. Maier, Ann L. Hild, and R.A. Olson   |     |
| <b>Historical Sagebrush Establishment Practices in the Powder River Basin</b> .....                        | 330 |
| Laurel Vicklund  |     |
| <b>Sagebrush and Mine Reclamation: What's Needed From Here?</b> .....                                      | 338 |
| Larry H. Kleinman and Timothy C. Richmond  |     |

#### **D. GEOCHEMISTRY, FATE, AND TRANSPORT IN DISTURBED ECOSYSTEMS**

|  |     |
|--|-----|
| <b>Material Characterization and Prioritization of Remediation Measures at the Zortman/Landusky Mine Sites</b> ..... | 346 |
| S.C. Shaw, A. MacG. Robertson, and W.C. Maehl  |     |
| <b>Amelioration of Sodic Spoils by Weathering in the Powder River Basin, Montana</b> .....                           | 359 |
| L.P. Munk, L.J. Ligoeki, and D.J. Paszkiet   |     |
| <b>Evaluation of Ferric Oxide for Adsorption of Arsenic Leaching From a Mine Waste Repository</b> .....              | 360 |
| G.S. Vandeberg, D.J. Dollhopf, J.D. Goering, and D.R. Neuman   |     |

#### **E. WETLANDS MITIGATION AND RIPARIAN HEALTH**

|  |     |
|--|-----|
| <b>Show Me Progress! A.k.a./Managing Hardrock AML Cleanup Projects Under the CWAP &amp; GPRA</b> ..... | 372 |
| George M. Stone, Jr.   |     |

|  |     |
|--|-----|
| <b>Bioengineered Streambank Stabilization on Silver Bow Creek, Butte, Montana</b> .....                      | 373 |
| Jay Windell and Chuck Stilwell   |     |
| <b>An Evaluation of Revegetation Success Within a Floodplain System Impaired by Sulfide Mine Waste</b> ..... | 388 |
| B. Vaughn, C. Hoschouer, R. Gleason, C. Stilwell   |     |
| <b>Characterization of Mycorrhizae and Seed Bank Composition in an Eastern Montana Wetland</b> .....         | 401 |
| C. A. Zabinski, L. Yang, and D. Myran  |     |
| <b>A Hydrologic Approach to Wetland Delineation</b> .....  | 411 |
| R. A. Producers and G. Abdo  |     |
| <b>Effects of Riparian Resource Gradients on the Establishment of Native and Invasive Plants</b> .....       | 422 |
| R. LeCain, P. Hook, R. Sheley, and D. Neuman   |     |

## **F. EMERGING TECHNOLOGIES FOR RECLAMATION**

|  |     |
|--|-----|
| <b>Tools for the Rapid Screening and Characterization of Historical Metal-Mining Waste Dumps</b> .....   | 435 |
| K.S. Smith, P.H. Briggs, D.L. Campbell, C.J. Castle, G.A. Desborough, R.G. Eppinger III, D.V. Fitterman, P.L. Hageman, R.W. Leinz, G.P. Meeker, M.R. Stanton, S.J. Sutley, G.A. Swayze, and D.B. Yager |     |
| <b>Research and Development of a GIS-Based Data Management and Model Integration Tool for Coal Mine Reclamation in Wyoming</b> .....   | 443 |
| T. Kohley, K. Toohill, J. Hamerlinck, R. Warner, M. Anderson, G. Jones, L. Vicklund  |     |
| <b>Use of GIS for an Integrated Land Reclamation Design: A Practical Example at a Complex Montana Superfund Site</b> .....   | 444 |
| By M. Pokorny, D.H. Graves, C.B. Deeney, M. McLeod, W. Keammerer   |     |
| <b>A Geostatistical Tool to Determine Optimum Sampling Frequency to Assess Minesoil Suitability</b> .....  | 455 |
| D. J. Dollhopf   |     |

|  |     |
|--|-----|
| <b>Recent Developments in Land Reclamation/Revegetation Equipment</b> .....                                | 462 |
| John M. Inkret and Bernie Jensen   |     |
| <b>Reclaiming Landscape Visual Quality on Surface Mining Sites Using Computer Visual Simulations</b> ..... | 470 |
| John Ellsworth   |     |
| <b>Conquering Table Mountain Pipeline Restoration Project by Hand and Helicopter</b> .....                 | 479 |
| David Chenoweth  |     |
| <b>Hydraulic Characteristics of Subsurface Flow Wetlands</b> .....   | 485 |
| W. J. Drury and K. Mainzhausen   |     |
| <b>A Bioengineering Approach to Upgrading Sediment Ponds for Retention as Permanent Structures</b> .....   | 493 |
| Thomas G. Parker and Darrel D. Myran   |     |
| <b>Engineering Methods for Assuring Sufficient Reclamation Bond Amounts</b> .....                          | 501 |
| Eugene Hay, Victoria J. Bryan and Karen Jass   |     |

## **G. GRAZING OF RECLAIMED LANDS AND RANGELAND HEALTH**

|   |     |
|---|-----|
| <b>Livestock Grazing Effects on Reclaimed Grasslands</b> .....                        | 502 |
| D. Kirby, T. Cline, K. Krabbenhoft, J. Friedlander and J. Kramer                      |     |
| <b>Improving the Health of Reclaimed Land Through Proper Grazing Management</b> ..... | 510 |
| Roy Liedtke, Miles Keogh and Donnie Whitten   |     |
| <b>Control of Leafy Spurge by Sheep Grazing</b> .....                                 | 518 |
| R.E. Ries and J.F. Karn   |     |
| <b>Managing a <i>Bromus Japonicus</i> Infested Reclaimed Site</b> .....               | 525 |
| K. Krabbenhoft, D. Kirby, and D. Nilson   |     |
| <b>Determining a Reclamation Success From a Wildlife Perspective</b> .....            | 531 |
| Chris Yde, Bruce Waage, Patrick Farmer  |     |

## H. TAILINGS RECLAMATION

|  |       |
|--|-------|
| <b>Geochemical Treatment and Phytostabilization of Acidic Mill Tailings From the Pinos Altos Mining District, Grant County, New Mexico</b> ..... | 5 3 5 |
| Warren B. Zehner, Joe M. Cornelius, and David L. Beeson  |       |
| <b>Metal Mine Tailings Reprocessing for Sulfide and Metal Removal for Enhanced Vegetation Establishment: Clean Tailing Technology</b> .....      | 5 4 4 |
| S.R. Jennings  |       |
| <b>Reclamation of the Piegan-Gloster Millsite</b> .....  | 5 5 4 |
| C.R. Serviss, K.S. Rauch and J.E. Chavez   |       |
| <b>Closure of the Abandoned Skookum Slope Mine</b> .....   | 5 6 4 |
| Ginger Kaldenbach and Michael Bailey   |       |
| <b>High Ore Creek Stream Side Tailings Reclamation</b> .....   | 5 6 5 |
| M. F. Browne and J.D. Belanger-Woods   |       |
| <b>Tailing Pond Flow Modeling Used To Predict Long-Term Tailing Seepage</b> .....  | 5 7 4 |
| T. Stein, K.-C. Hsu, and R. Schmidt-Petersen   |       |
| <b>Effective Maintenance Techniques to Determine Long-Term Sustainability of Mining Reclamation at Uptown Butte, MT</b> .....                    | 5 7 5 |
| C. M. Mayn   |       |

## I. MINE WASTE TECHNOLOGY PROGRAM

|  |       |
|--|-------|
| <b>Source Control - Surface Waste Pile Demonstration Project</b> .....             | 5 8 4 |
| A. Lynn McCloskey, D. Byrne Kelly and John Gilbert                                 |       |
| <b>Cyanide Heap Biological Detoxification</b> .....                                | 5 9 2 |
| Diane M. Jordan and Tom M. Malloy  |       |
| <b>Microbial Capping Barrier for the Control of Acid Mine Drainage</b> .....       | 5 9 9 |
| G. James, P. Sturman, B. Warwood, and J. Gilbert                                   |       |
| <b>Arsenic Removal and Long-term Stabilization For Solids</b> .....                | 6 0 5 |
| J. McCloskey, Michelle Gale, and P. Miranda, Dr. Larry Twidwell, and Glenn Vicevic |       |

## **J. SOIL CAPS - SEALS, LINERS AND WATER MOVEMENT**

|  |       |
|--|-------|
| <b>Acid Remediation At Homestake's Santa Fe Mine Using A Chemical Cap</b> .....  | 6 1 3 |
| D. A. Shay and R.R. Cellan   |       |
| <b>Alternative Mine Waste Repository Design to Allow for Redevelopment and Reuse of Land in Butte, Montana</b> .....               | 6 2 1 |
| Chuck Stilwell, P.E. and Brad Archibald, P.E.  |       |
| <b>On-Site Repository Construction and Rehabilitation of the Silver Crescent Abandoned Mine Site, Shoshone County, Idaho</b> ..... | 6 3 2 |
| J. K. Johnson  |       |
| <b>Alternatives Analysis for Mine Waste Relocation Repositories</b> .....  | 6 3 3 |
| B. Grant, M. Cormier, W.H. Bucher  |       |

## **K. SOIL AMENDMENTS**

|   |       |
|---|-------|
| <b>Microbial Inoculation Potential of Organic Matter Amendments for Mine Tailings Reclamation</b> .....                           | 6 4 5 |
| October Seastone Moynahan, Stuart R. Jennings, and Catherine A. Zabinski  |       |
| <b>Evaluating Organic Amendments for Revegetation</b>   |       |
| <b>Part I: Organic Content and Cost</b> .....   | 6 5 5 |
| <b>Part 2: Fertility and Microbiology</b> .....   | 6 6 3 |
| R A. Prodgers   |       |
| <b>Soil and Water Quality Associated with Land Application of Biosolids for Surface Mine Reclamation: Four Case Studies</b> ..... | 6 7 2 |
| T. E. Herlihy, K. L. Hoover, and T. A. Rightnour  |       |
| <b>Alkaline Industrial By-products As Mine Waste Amendments</b> .....   | 6 8 1 |
| S.R. Winking and D.J. Dollhopf  |       |

## L. CHANNEL RECONSTRUCTION

|   |     |
|---|-----|
| <b>Evaluating the Effectiveness of Streambank Stabilization Techniques for Reducing Bank Erosion on the Upper Clark Fork River, Western Montana</b> ..... | 691 |
| Donna DeFrancesco and Paul L. Hansen  |     |
| <b>Geomorphic Development of a Reconstructed Subalpine Stream Channel</b> .....   | 699 |
| H.S. Pranger, II  |     |
| <b>Reconstruction of a Subalpine Stream Channel With the Aid of OSM's TIPS Technology</b> .   | 708 |
| H.S. Pranger, II  |     |
| <b>The Need for Properly Reclaiming Ephemeral Channels and Associated Sideslopes in Lands Disturbed by Strip Mining</b> .....                             | 709 |
| Herb Rolfes and Steve Regele  |     |

## LATE SUBMISSIONS

### A. REVEGETATION

- Rooting Habits of Lodgepole Pine (*Pinus Contorta*) In Relation To Soil Characteristics On Cooper-Cobalt Mine Spoils** ..... 717  
M. E. Simmons , J. D. Brotherson, and Steven B. Monsen

### H. TAILINGS RECLAMATION

- An International Perspective on the Environmental Management of Sulfidic Mine Wastes** ..... 726  
A. M. Robertson
